## Fall Plant & Bulb Sale

**Eastern Ingham Farmers Market**

### Plant Sale

Buy plants that are perfect for your garden next year. Sowing Growth's sale helps us pay for equipment and operating expenses for the **Eastern Ingham Farmers Market**. These plants and bulbs were carefully chosen by our Advanced Master Gardener because of their popularity, show of color, natural pollinator species, and compatibility for our growing zone, not to mention...they are also a wonderful gift!

Pre-orders begin August 18 and end September 19th. Pick up dates are September 27th, October 4th and 11th. Some plants will be made available for open sale on the last 2 Market Sundays (October 4th and 11th). Prices may be slightly higher if not on the pre-order sale.

Eastern Ingham Farmers Market  
P.O. Box 534  
Williamston, MI 48895

You will receive a receipt for your order. Bring your receipt to the Market Information Booth to pick up your plants/bulbs.

\$30

### Pugster Butterfly Bush

Buddleia bush are one of the most loved garden plants in modern gardens, and not just by gardeners, but by hummingbirds, bees and, of course, butterflies. The Pugster variety of Buddleia was developed by Proven Winners to be naturally a dwarf sized garden bush. **They only get a couple feet tall and wide.** This means that they can fit anywhere in any-sized garden. Choice of white, blue and periwinkle colors. Full Sun, Moist Soil, 18-24" Mature Ht. 24-36" spread. Deer and Rabbit Resistant!

\$30

### Kodiak Orange

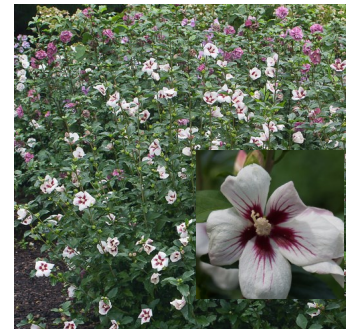

Diervilla shrub pushes fall color to the limits with glowing orange fall foliage. It lights up the fall landscape and thrives in sun or shade and is drought-tolerant. A native plant to Zone 5. Yellow flower clusters in the summer and then the foliage takes on the orange hue in the fall. Great for erosion control too. Mature Ht. is 36-48" and has 36-48" spread. Deer Resistant!

\$30

### Beyond Midnight Bluebeard

This new caryopteris has extremely dark glossy foliage and a compact cluster of deep blue flowers. It is a pollinator favorite and has a long blooming habit to early to late summer. Heat and draught tolerant. Mature Ht. 24-36" with 24-30" spread.

\$35

### Lil'Kim- Rose of Sharon

A dwarf Hibiscus, half the size of the conventional Rose of Sharon with more flowers for a longer time and better coverage. Elegant powderpuff blooms of white with red eye. Long blooming and attractive to hummingbirds and butterflies. Likes sun. Mature Ht. 36-48" with 36-48" spread. Deer Resistant!

\$35

### Magenta Chiffon- Rose of Sharon

Hibiscus syriacus, the new color this year. More flowers for a longer time and with better coverage. Elegant powderpuff blooms that move with the breeze. Long blooming and attractive to hummingbirds. Likes sun. Mature Ht. 96-144" with 72-120" spread. Deer Resistant!

## Fall Plant & Bulb Sale

### Eastern Ingham Farmers Market

Bulb prices are based on purchase of 25 bulbs in each package.

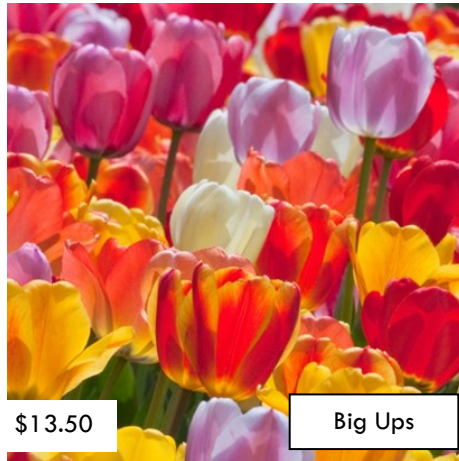

Bulbs are selected for our zone and best suited for our soil type (heavy clay content).

Bulbs that flower in spring must be planted in the fall. There is no getting around this requirement.

Bulbs should be planted when the soil has cooled to about 55 degrees F. Bulbs need cool soil to make roots before the onset of winter.

You have about 8 weeks to plant after the first frost. As long as the ground is not frozen, you can still plant bulbs.
